COMPANY PROFILE

TAKE CONTROL
OF YOUR DIGITAL SPACE

Keep your business safe
in the ever-evolving digital landscape.

MISSION

We're on a bold mission to secure the cyberspace for all, with a firm belief that online security is a fundamental right to every individual and organization. Our passionate team of experts is committed to helping clients navigate evolving threats, offering cutting-edge, industry-leading solutions for constant peace of mind.

VISION

Cynclair aims to be the global leader in managed detection and response services, delivering real-time protection against ever-evolving online threats. Our subscription-based model, people-centric approach, and unwavering dedication to customer satisfaction sets us apart as industry pioneers actively shaping the cybersecurity landscape on a global scale.

STANDARD

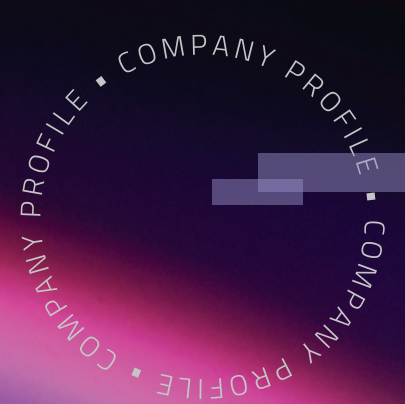

Our organization and personnel are certified with global industry-leading standards, reassuring you that the protection of your cyberspace is in good hands.

TAKE CONTROL OF YOUR DIGITAL DESTINY

Cynclair stands at the forefront of the cybersecurity landscape, offering innovative solutions that empower ambitious businesses while eliminating cyber risks. Our roots in local defense have blossomed into a wealth of experience in national security, marked by our success in countering nation-state threats, including Advanced Persistent Threats (APT).

Backed by a formidable team of over 150 experts, we're dedicated to pioneering the future of the global industry. With an unwavering commitment to excellence, we consistently produce cutting-edge, robust solutions that keep your business secure in an ever-evolving digital landscape.

KEY ATTRIBUTES

- **Advanced Threats Detection and Response**
Detect and mitigate various threats including Advanced Persistent Threats (APT) in a fraction of time.
- **Cost-effective**
No non-recurring cost burden to be passed on to the customers or large initial investments.
- **Up-To-Date Knowledge and Standards**
We constantly obtain and maintain the highest level of knowledge and standards.

- **Stability**
Cynclair fully owns the rights to our invaluable know-how, fostering knowledge transfer and eliminating the risk of brain drain.
- **Synergy from International Partners**
Due to our capabilities and maturity, we have been selected as a strategic partner by international industry leaders.
- **Vendor Agnostic**
Our flexibility and broad capabilities allows for us to provide the best possible solution regardless of vendor/supplier.

People

Cynclair's 24/7 cyber experts provide crucial support for businesses, harnessing their expertise to optimize processes and maximize their unmatched capabilities, ensuring businesses stay ahead of the curve.

Processes

Our dynamic and well proven processes are finely tuned to meet your unique needs. We continually adapt and refine them, ensuring you always maintain the competitive edge in the ever-evolving cybersecurity landscape.

Technology

Cynclair's state-of-the-art technology is designed for businesses of all sizes and our team of specialists ensure that this technology is always up-to-date and operating at optimal efficiency.
